DESCRIPTION

Hello everyone,

This message is to inform you that we're officially kicking off the new **1/6 slice pizza format** starting Monday (11/17). This is a huge step toward the full program launch in January rollout, which means you will not be reverting to super slice. . Starting now, **all pizzas should be cut using the 1/6 guide boards** - No more super slice cuts.

Two cases of 1/6 trays are being forced out to stores and should arrive by Saturday (11/15). If cases don't arrive in time, reach out ASAP so we can replace it immediately. Additionally, if any store still has full cases of super slice trays, contact **Jenna Foy** so we can clear them out. FYI, UPC's are in the index of the ops Review PDF.

Because this is a select number of stores, menu boards are being updated, so some stores may temporarily see two pricing options — that'll be corrected first thing Monday. Please, make sure to remove all old signage that displays pricing for the super slice, or signage that says "now twice as big". This HUGE upgrade to our pizza program, and your stores will be leading the charge.

We'd also really appreciate it if you could take just one minute to complete the feedback form. Your input genuinely shapes how we improve this program, and we're committed to making sure your voice is heard:

Let's crush this launch!!

Thank you all,
Foodservice Team Pizza
